Play Hockey, Make Friends, Have Fun!

The Tri-Town Ice Arena and the Junior Monarchs are proud to introduce their Mite Development Program. Due to the significantly large number of participants in last season's Mini Monarchs (Learn to Play Hockey), we have decided to expand our grassroots hockey program to include the Mite Development Program. It is intended for children that are born in 2002 or later, who have completed our Mini Monarchs Program, another Learn to Play Hockey Program or any Mite League. Older skaters with Learn to Play or Mite experience should enroll in our Squirt House League. The Mite Development Program will allow mite aged players to gain quality instruction in a fun environment, while providing convenient ice times and a reasonable cost to our families. We will meet Friday nights from 5:40-6:30pm and Saturday mornings from 9-9:50am throughout the course of the season. The season begins Friday September 24, 2010 and concludes Saturday March 26, 2011. If you are busy with fall sports, you could choose the winter season option that begins on November 5th. During the season, Friday Night sessions will consist of a skills practice and Saturday mornings will consist of skills practices, until cross-ice games start on October 30th. Full ice scrimmages games may be introduced later on in the season. The goal of these scrimmages is for players to learn game positioning and rules. Jeremy Vega, the Director of Player Development and Coaching, will direct this program. We offer a payment schedule for your convenience, please see below. Your child will also receive a Public Skating Punch Card good for 10 free skates (valued at \$60); this allows your child twenty more hours of free ice to practice their skating. Do not hesitate to sign up, spaces will fill up fast!

Cost for Full Season (Sept 24-March 26): **ONLY \$439** for the season if you sign up by September 20th. Cost is \$479 after September 20th

Cost for Winter Season (Nov 5-March 26): **ONLY \$339** if you sign up before Oct 1 or \$369 if you sign up after. Either option equals out to less than \$10 per ice touch, a great deal!
